This agreement is between the Harvard EPS/ESE URGE Pod and the Harvard EPS department diversity, inclusion, and belonging (DIB) leadership. Our Unlearning Racism in Geoscience (URGE) pod (previously the Anti-Racist Reading Group) has the following meetings scheduled with our departmental DIB leadership:

- **Meeting 1:** Invitation for leadership to attend a regular pod meeting, which occurs every other Thursday from 4-5 PM ET. We suggest the meeting on Racism and Accessibility (March 18, 2021 at 4 PM ET). At that meeting, we will discuss the preparation of a document on departmental admissions and hiring policies. (The full URGE schedule is [here](#).)

- **Meeting 2:** Follow-Up discussion of proposed actions and next steps. We will schedule this meeting at a later date.

We, the URGE pod and the departmental DIB leadership, are committed to URGE’s primary objectives:

1. Deepen the community’s knowledge of the effects of racism on the participation and retention of Black, brown, and Indigenous people in Geoscience.
2. Use the existing literature, expert opinion, and personal experiences to develop anti-racist policies and strategies.
3. Share, discuss, and modify anti-racist policies and strategies within a dynamic community network and on a national stage.

We are also committed to our pod’s objectives:

1. Discuss and assess the racial justice, equity, and inclusivity of our organization
2. Develop an anti-racism action plan with actions specific to issues at Harvard EPS/ESE including methods for measuring and reporting progress as directed by URGE curriculum
3. Work with the EPS departmental DIB leadership after the conclusion of the URGE program to revise, improve, and implement changes proposed by the above anti-racism action plan.

We are committed to pursuing these objectives individually, as a pod, and as an organization.
